## FIRST TO FIVE MLS CUP CHAMPS

2015 was a year of many highs and lows. It started as a year of celebration for the 20th anniversary of the team and league. We soared high in the first half of the year. It ended with a crashed in early loss in the play offs.

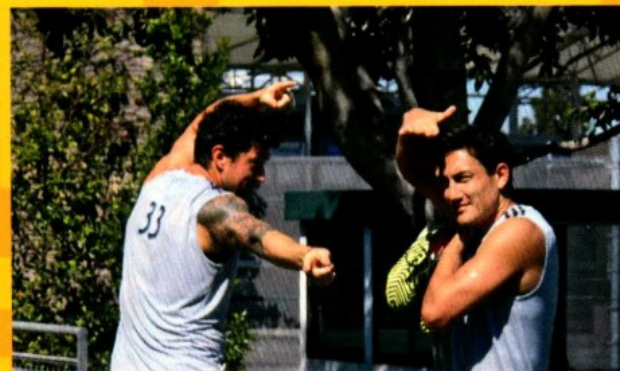

Galaxy created a high school called the Blended Learning Environment for 50 students from the U-16 to U-18 academy. One of the first in the league.

We picked up several players and lost some others. Mid-season adds included Sebastian Lletget, Steven Gerrard, and Giovanni Dos Santos. Todd Dunivant announced his retirement when the season would end, after a stellar career in MLS. Jaime Penedo left due to contract issues and Donovan Ricketts returned to the team. In July, Stephan Ishizaki returned to Sweden for his family.

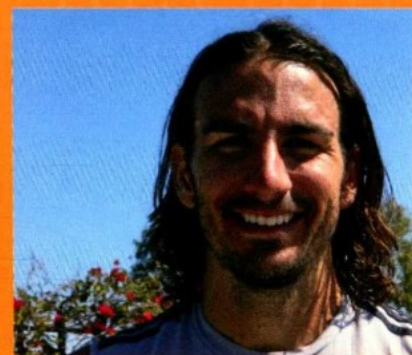

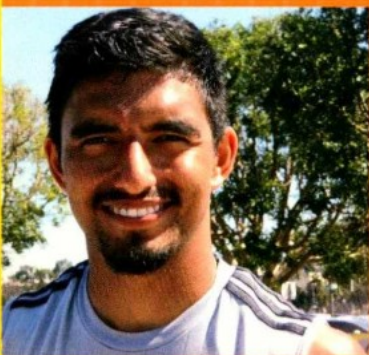

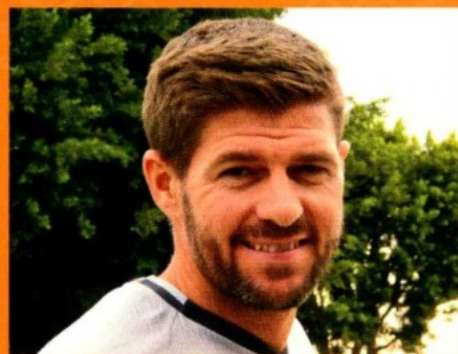

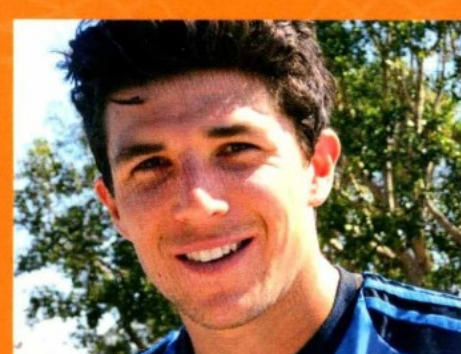

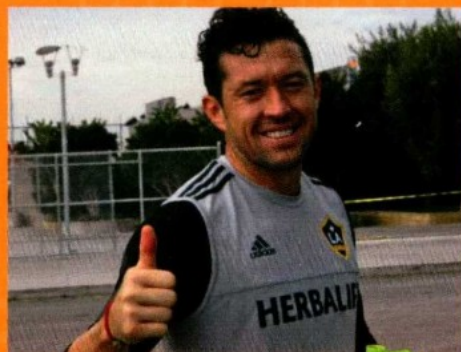

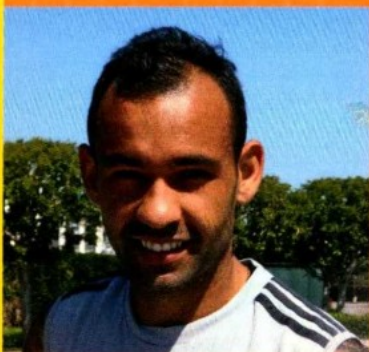

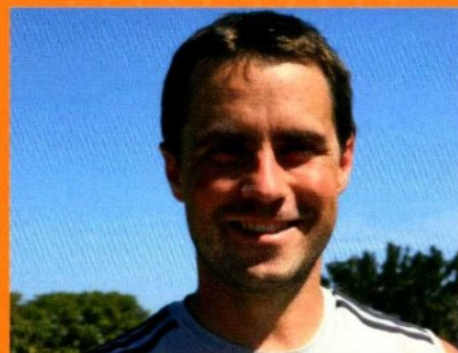

The slogan of the season was Race to Seis for a 6th MLS Championship. The Galaxy Foundation did a charity promotion of 20 for Twenty by the Galaxy Organization from staff to players.

*Road Trip*

Confederations Cup Tournament means that the Galaxy has to travel to places like Trinidad. Our reserve squad does the job so the main team rests. Team relaxes at the pool during this road trip.

"Los Dos" 2nd season did well. Coached by former LAG player Curt Onalfo. With a great young team, some players are LAG reserve players. Many are former academy players hoping to play for the 1st team. Ariel Lassiter, son of MLS Legend Roy Lassiter, is a top scorer for the team.
